Round Table Dialogue

Focal Point:
Canadian Health
Leadership
Strategy

Round Table Dialogue

Directions:

- ▶ Four tables (or sets of tables; numbered 1-4).
- ▶ Each table has a question.
- ▶ Each table has a recorder.
- ▶ Four rounds of 8 min. each.
- ▶ Go to a different table for each round.
- ▶ Short debrief.

- **Question 1:** Keeping in mind the **LEADS** domain of *Lead Self*: Do you believe there is a need for a Canadian Health Leadership Strategy? What gaps would this address?
 - If agree, why?
 - If disagree, why not?
 Are you willing to support it and, if so, how?
- **Question 2:** Keeping in mind the *Engage Others* and *Develop Coalitions* domains of **LEADS**: Who, in your view (individuals and organizations) need to be engaged in developing a Canadian Health Leadership Strategy? Why?
- **Question 3:** Keeping in mind the **LEADS** domain of *Achieve Results*: What would success look like in five years for you if such a leadership strategy was implemented? What would be accomplished?
- **Question 4:** Keeping in mind the **LEADS** domain of *Systems Transformation*: Are there any specific examples of best practice re leadership development in the health sector that we should pay attention to (i.e. regional, national, international examples, case studies) that you think might be leveraged up to support this strategy? If so, what are they?

Thank you.
